# In Flames

## Warbell

Behold the heart of mine in flames
A top the highest mountain, below the darkest depths
In the valley of hate I wander
My frost bitten heart is set ablaze, set ablaze
Ravage my soul
Plunder my mind
Branded by thunder, fire and ice
Trampled in fury by hordes of the light
I am crushed by the hand of my sky
My sky has forsaken me
Rivers of crimson lead me now
Trail of fire, in a place of fire eternal
Left in flames
Scattered in a world of thorns
Torn from my earthly self
Aggrieved in tears and bitterness
I fall beyond stars, beyond stars
Ravage my soul
Plunder my mind
Branded by thunder, fire and ice
Trampled in fury by hordes of the light
My fiery heart is stronger than ever
It's stronger than ever before
My heart in flames
