

# Mr. Nice Guy

## Mr. Bungle

There's nothin' that I wouldn't do for you  
'Cuz I'm pottie, trained like a great dane  
Have a nice dayIncubus in disguise, Lord of the flies  
A pile of shit dressed up to appetize  
The main course, degradation a la mode  
You accept the invitation  
I know how to treat a ladyI'm a fountain of love like Christ  
So shower in the golden jewelry of my balls  
Eagerly you suck it down like a pig in a toilet  
In a vacuum, in a tornado, in a black holeTurbulent, whirlpoolLike yin and yen, the doggie is my best friend  
I think I need a foxy terrier  
With a capital T that rhymes with D  
That stands for derriere  
To bark for me and keep me companyYou look so nice  
With your nose in the dirt  
You're my puppy  
Bend over and lick yourselfAnd when you sleep, I'm sitting on your chest  
Say it's a dog's life so you do what you gotta do, do  
Doggie bitch, let me drill my own hole  
I don't need a seed to grow my dick weed  
I'm the one you want, the one you get  
Shit sucking, butt fucking nerdI'm a sadist, I'm a geek, I'm a coprophagist  
I shit, you eat my poop, you shit, I eat your poop  
I shit, an infinite push pull  
Hedonism trading fours  
You scratch my back I'll scratch yoursIncubus, succubusLike Dick and Jane, the K9 method is fucking insane  
It's love, it's dog eat dog, eat dog  
With a capital D that rhymes with tree  
That stands for pee pee  
Your knight in shining armor  
Ain't no nice guy at allI am the devil who's under the skin  
I hide in the smile and aim for the quim  
God is my tactic and nature's my game  
Forget all your opinions, baby  
Because I will always win, lesbianThe ritual, I urinate chivalry  
Instinctual 'cuz I'm such a gentleman  
You look so nice with your nose in the dirt
