

Teenage Dream

The Damned

Standing around trying to get her somewhere
Whatcha gonna do?
Tried and I can't speak
Gets you nowhere
Looking for a scheme Ah, teenage dream
Ah, teenage dream
Lookin' for another teenage dream
Lookin' for another teenage dream
Well, I'm lookin' for another teenage dream
Well, I'm lookin' for another teenage dream Stranger things have happened
Stranger things than this
What makes you feel so bad?
Stuck in the city
Hiding in the trash well feels like
I've been had Ah, teenage dream
Ah, teenage dream
Lookin' for another teenage dream
Lookin' for another teenage dream
Well, I'm lookin' for another teenage dream
Well, I'm lookin' for another teenage dream Lookin' for another teenage dream
Lookin' for another teenage dream
Well, I'm lookin' for another teenage dream
Well, I'm lookin' for another teenage dream
I said teenage, teenage, teenage dream
Teenage, teenage, teenage dream
Teenage, teenage, teenage dream
Teenage, teenage, teenage dream Teenage, teenage dream
Teenage, teenage dream
Teenage, teenage dream
Teenage, teenage dream
