

Upside Down

[Tori Amos](#)

God, I love to turn my little blue world upside down
God, I love to turn my little blue world upside down
Inside my head, the noise
Chatter, chatter, chatter, chatter, chatter
You see I'm afraid, I'll always be
Still coming out of my mother upside down Don't you love to turn this little blue girl upside down?
Oh, I know you love to turn this little blue girl, baby, upside down
But my heart, it says
You've been shatter, shatter, shatter, shatter, shattered
And I know you're still a boy
Still coming out of your mother But when you gonna stand on your own, I say, the world is sick
You say, "Tell me what that makes us darling?"
You see, you always find my faults
Faster than you find your own You say, the world is getting rid of her demons
I say, "Baby, what have you been smoking?"
Well, I dreamed, I dreamed, I dreamed I loved a black boy
My daddy would scream, oh yeah Love to turn this little blue girl upside down
Any kind of touch I think is better than none, even upside down
But you see I'm tangled up
Got a kitten, kitten, kitten, kitten in my hair
Cincinnati, I like the word
It's the only thing we can seem to turn upside down Well, I found the secret to life, I found the secret to life
I'm okay when everything is not okay
I said, I found the secret to life, I found the secret to life
I'm okay when everything is not okay, is not okay Oh, we turn and we turn our little blue world upside down
I said, don't we love to turn our little blue world, baby, upside down?
Inside my head, a voice
Chatter, chatter, chatter, chatter, chatter
And it says, "Girl, you're all the same, still coming out of your mothers
Still coming out of your mothers upside down"
