

# I Still Pray

[Kasey Chambers](#)

I still cry for baby Jesus  
And I still pray when I'm alone  
And when I'm lost, He'll come to find me  
Because He died to save my soul When I can't walk, He's there to carry  
When I speak, He hears my words  
When I wake and I have nothing  
He sends me gold, frankincense and myrrh I still cry for baby Jesus  
And I still pray when I'm alone  
And when I'm lost, He'll come to find me  
Because He died to save my soul When I cry my tears of sorrow  
And when my heart will only ache  
And if I'm troubled when I'm sleeping  
He will hold me until I wake I still cry for baby Jesus  
And I still pray when I'm alone  
And when I'm lost, He'll come to find me  
Because He died to save my soul Because He died to save my soul  
Because He died to save my soul
