

# A Step You Can't Take Back

[Keira Knightley](#)

So you find yourself at this subway  
When your world in a bag by your side  
And all at once it seemed like a good way  
You realized its the end of your life  
For what it's worth Here comes the train upon the track  
And there goes the pain it cuts to black  
Are you ready for the last act?  
To take a step you can't take back Take in all the punches you could take  
Took 'em all right on your chest  
Now the countless back is breaking  
Again, again  
For what it's worth Here comes the train upon the track  
And there goes the pain it cuts to black  
Are you ready for the last act?  
To take a step you can't take back Did she love you?  
Did she take you down?  
Was she on her knees when she kissed your crown?  
Tell me what you found Here comes the rain, so hold your hat  
And don't pray to God, cause He won't talk back  
Are you ready for the last act?  
To take a step you can't take back  
Back, back, back  
You can't take back  
Back, back, back So you find yourself at this subway  
When your world in a bag by your side
