Only In Dreams

You Blew It!

You can't resist her
She's in your bones
She is your marrow and your ride home
You can't avoid her, she's in the air
(in the air)
In between molecules of oxygen and carbon dioxide
You walk up to her, ask her to dance
She says "hey baby, I just might take a chance"
You say "it's a good thing" that you float in the air
(in the air)
That way there's no way I will crush your pretty toenails into a thousand pieces
Only in dreams see what it means
Reach out our hands, hold onto hers
But when we wake it's all been erased
And so it seems, only in dreams
Only in dreams, only in dreams
Only in dreams
