Funny How Time Flies (when You're Having Fun)

Janet Jackson

[Foreign content]Funny how time flies
When you're having fun
Funny how time flies
When you're having fun
I don't know where it all went
Time passed us by
Just when it seemed the fun began
Funny how time flies
When you're having fun
Funny how time flies
When you're having fun
But time never ends
Let's find the time
To get together once again
Someday soon
Funny how time flies
When you're having fun
Funny how time flies
When you're having fun
Don't you ever leave?
(Funny how time flies
When you're having fun)
Don't you ever go?
(Funny how time flies
When you're having fun)
Say you'll love me so
(Funny how time flies
When you're having fun)
Funny how time flies
When you're having fun
Funny how time flies
When you're having fun
Funny how time flies
When you're having fun
Funny how time flies
When you're having fun
[Foreign content]I really don't know where all the time went
I really have to go
Stop, stop

Oh, I really have to go
Oh, I really have to go
