Let Go

Thomas Fiss

Hey beautiful
I'll admit my heart was on fire
Caught a spark as soon as you smiled
Just standing there
And there we were
Like the world was in on it too
And the stars and the sky and the moon
All got a view
Now could tou believe it
When we kissed I could see our hearts beating
Wisper love and I swear that I'll hear it
If you're thinking you don't know
I'll teach you to let go
Let go
I'll teach you to let go
Let go
I'll teach you to let go
Let go
If you're thinking you don't know
I'll teach you to let go
Let go
Ohhh x 8Hey beautiful
I don't have much to offer you
Still you stole a kiss or two
Now you got my attention
Now could you believe it
When we kissed I could see our hearts beating
Wisper love and I swear that I'll hear it
If you're thinking you don't know
I'll teach you to let go
Let go
I'll teach you to let go
Let go
I'll teach you to let go
Let go
If you're thinking you don't know
I'll teach you to let go
Let go
Ohhh x 8Don't turn away

I can almost feel it
Like the universe is interfering
On the edge of love
And I walking near it
Now could you believe it
Oh x 8
Now could you believe it
Oh x 4
I'll teach you to let go
Let go
X 3
If you're thinking you don't know
I'll teach you to let go
Let go
Oh
If you just let go
Oh
If you just let go
Oh x 6
Hey beautiful
I'll admit my heart was on fire
