Movin' Along

Laura Veirs

Light of the morning day
Sadly it will not stay, this perfect pink for too long
Couple of hours from now
All the sunflowers will frown and turn
For the sun is too strongI'll be movin' along, yeah, I'll be movin' alongI'll head for those distant hills
Find some good land to till a river, to sing me a song
When winter snows blow in
I'll pack up my bags again
Guess, I'll be movin' alongI'll be movin' along, yeah, I'll be movin' along
