

# How To Touch A Girl

## Jojo

One, two, three, four  
Mmm, oh  
I think I could like you  
Already do  
Feelings can grow but  
They can go away too  
You're taking my hand  
Looking into my eyes  
Don't be in a rush to get me tonight  
I feel something happening  
Could this be a spark?  
To satisfy me, baby  
Got to satisfy my heart

[Chorus:]

Do you know how to touch a girl?  
If you want me so much  
First I have to know  
Are you thoughtful and kind?  
Do you care what's on my mind  
Or am I just for show?  
You'll go far in this world  
If you know how to touch a girl  
(Do you know how to touch, know how to touch a girl?  
Do you know how to touch, know how to touch a girl?)

I think I could like you  
But I keep holding back  
'Cause I can't seem to tell  
If you're fiction or fact  
Show me you can laugh  
Show me you can cry  
Show me who you really are  
Deep down inside  
Do you feel something happening?  
Could this be for real?  
I don't know right now  
But tonight we'll reveal

[Chorus]

Bring me some flowers  
Conversation for hours  
To see if we really connect  
And maybe if we do, oh  
I'll be giving all my love to you  
Oh

[Chorus]

You'll go far in this world  
If you know how to touch a girl
