Because Of You

C2C

Because of you
Because of you
Because of you, because of you
Because of you
Yeah, uh uhBecause of you I'm never alone
I walk on the streets and I peek on my own
Because of you the day looks brighter
The clouds ride away and you're lifting me higherOK OK OK
Poppin' like you'll never know
Hopin' on a train to go
Wherever whenever thing is falling in line like dominoes
Typing like I'm Kerouac
Know exactly where I'm at
Found my purpose in this circus
Of bonified brainiac
Hitting it in is no problem
Spin in a pan it's hot lava
Let us again there is need to pretend to let go when it turns out awesome.
Without you it ain't working,
Gotta be together and that's for certain
Grab my hand, get in the van and close the curtain.Because of you I'm never alone
I walk on the streets and I peek on my own
Because of you the day looks brighter
The clouds ride away and you're lifting me higherBecause of you I'm never alone
I walk on the streets and I peek on my own
Because of you the day looks brighter
The clouds ride away and you're lifting me higherOK come on now
Good good good good (ah) good good, good
Good good good good (ah) good good, uhI think I fell in love,
She fell for dirty dog
I'm used to drinkin' with the boys and making noise in clubs.
And now we push and shove
Hope she don't walk away
Here come the clouds, I think I smell rainThere's no turning back from here can't you see we're almost there
Travel miles across the sea all to find the road to me
Oh my love, my love don't fold
Nothing's out there you should know
Hit the bottom without you
To finding oh it's trueBecause of you I'm never alone

I walk on the streets and I peek on my own
Because of you the day looks brighter
The clouds ride away and you're lifting me higherBecause of you I'm never alone
I walk on the streets and I peek on my own
Because of you the day looks brighter
The clouds ride away and you're lifting me higherLift, lifting me higher
Lift, lifting me higher
Lift, lifting me higher
Lifting me higher
Lift, lifting me higher
Lift, lifting me higher
Lift, lifting me higher
Higher now
Lifting me higher
Lift, lifting me higher (Because of you)
Lift, lifting me higher
Lift, lifting me higher (Because of you)
Lift, lifting me higher
Lift, lifting me higher (Because of you)
Lift, lifting me higher
Lift, lifting me higher nowI think I fell in love, she fell for dirty do
