

Love Is a Beautiful Thing

Krystal Harris

Been so long since I met you
And all the changes we've been through
And all this time I can't forget you
Everywhere I turn I think of you And I wanna love ya, baby
And you are all I need Soul to soul, fire to fire
Nothing's like this hearts desire
Love is a beautiful thing One to one, you and me
Maybe it's our destiny
'Cause love is a beautiful thing
It's so beautiful, beautiful Love is such a sweet emotion
I want to share it all with you
Your trust and, and this devotion
There ain't nothing in this world we can't do Tonight, I want to thank, thank you, baby
And you make my life complete Soul to soul, fire to fire
Nothing's like this hearts desire
Love is a beautiful thing One to one, you and me
Maybe it's our destiny
'Cause love is a beautiful thing
It's so beautiful, beautiful Somebody raise your hand now, yeah
Ooh, no, no, no, no, no
And I, I wanna thank you, baby
And you, you're all I need Soul to soul, fire to fire
Nothing's like this hearts desire
Love is a beautiful thing One to one, you and me
Maybe it's our destiny
'Cause love is a beautiful thing
It's so beautiful, beautiful Stay together through thick and thin
Now I know I've got a friend
Love is a beautiful thing
Face our fears through the years, there's no tears
Oh, love is a beautiful thing Soul to soul, fire to fire
Nothing like this hearts desire
'Cause love is a beautiful thing
