

Guilt (MTA Records)

Nero

Sometimes I don't know where we're going,
Sometimes I feel you should be crawling back to me,
Time is ticking by without us knowing
Before you know it, it will be too late to see You keep on talking but it makes no sense at all
You try to fake it but you're breaking every rule
Right from the start you've always made me feel a fool
The guilt you hide will come between us after all You keep on talking but it makes no sense at all
You keep on talking but it makes no sense at all
You keep on talking but it makes no sense at all
You keep on talking but it makes no sense at all Sense at all

Sense at all
Sense at all Sense at all
Sense at all
Sense at all Sense at all
Sense at all

Sense at all Sometimes I don't know where we're going,
Sometimes I feel you should be crawling back to me,
Time is ticking by without us knowing
Before you know it, it will be too late to see You keep on talking but it makes no sense at all
You try to fake it but you're breaking every rule
Right from the start you've always made me feel a fool
The guilt you hide will come between us after all Sometimes I don't know where we're going, Time is ticking by
without us knowing You keep on talking but it makes no sense at all
You try to fake it but you're breaking every rule
Right from the start you've always made me feel a fool
The guilt you hide will come between us after all You keep on talking but it makes no sense at all
You keep on talking but it makes no sense at all
You keep on talking but it makes no sense at all
You keep on talking but it makes no sense at all
Sense at all
