Grim Reaper

Keaton Simons

You'll never see me coming
A-a-a-a-alright
It's too late and can't stop running
A-a-a-a-alright
I've got your name in my pocket
A-a-a-a-alright
You started, now you can't stop it
A-a-a-a-alright
Meet at the edge of this city
A-a-a-a-alright
Leave all your precious days behind
A-a-a-a-alright
You don't know how they'll find you
A-a-a-a-alright
There's no time to even say goodbye
A-a-a-a-alrightDon't fear me child
'Cause there's nothing you can do
When I'm coming after you
Gonna be a long way
A long way from homeMy gaze holds no pity
A-a-a-a-alright
As I walk through the silent city
A-a-a-a-alright
Too soon to be forgotten
A-a-a-a-alright
Well it's too late so keep on walking
A-a-a-a-alright
Over a moonlit desert
A-a-a-a-alright
I can see your face in mine
A-a-a-a-alright
I looked in the eyes of your father
A-a-a-a-alright
Nothing remains in the hands of time
A-a-a-a-alrightDon't fear me child
'Cause there's nothing you can do
When I'm coming after you
Gonna be a long way
A long way from home
