# Save Me From Me

## Bobby V

Is anybody out there, gonna save me?
Is anybody out there, that can save me?
Cause I've been fighting, tryina survive
And I've been hurting, just tryina get by
Is anybody, anybody out there
Hear me calling down
I need you to save me, from me yeah
Save me, from me yeah
Save me, from...
I need you to save me, save me
You should be my angel, won't you spread your wings?
And spin that up and down I know you're watching me
Come save me from...
Save me from me, save me from me
Is anybody out there, that can save me? (anybody out there?)
Is anybody out there, that can save me?
Cause I've been going through some changes
I look in the mirror and I don't see, who I once was
And I'm so scared, can anybody out there hear me?
I need you to save me, from me yeah
Save me, from me yeah

Save me, from...
I need you to save me, save me
You should be my angel, won't you spread your wings?
And spin that up and down I know you're watching me
Come save me from...
Save me from me, save me from me
Yeah play the guitar, yeah, yeah
Save me, save me, save me, save me whoa
Save me!
I need you to save me, from me yeah
Save me, from me yeah
Save me, from...
I need you to save me, save me
You should be my angel, won't you spread your wings?
And spin that up and down I know you're watching me
Come save me from...
Save me from me, save me from me

Save me...
Save me...
Save me from me
Save me, save me...
Don't it feel good?
