

Take Me Back To Where I Was

Shiny Toy Guns

Moving forward
Far away from your wing
Holding on to what
replaced the better side of me
Always second, guessing
Steering clear of your cross
Makes it easier for me
to accept what I have lost
I don't need your secret place
I found my better one
Thinking of no one else
Let me to this
Help me through this
Just take me back to where I was
Just take me back to where I was

Erase this state of mind
Help me get back what's mine
Face down with hands against the wall
Please take what I've had to hide
Start me over from the start
Reshape my heart tonight
I was thinking of someone else
When you noticed
And I'm sorry for this
Just take me back to where I was
Just take me back to where I was
When I was thinking of no one else
In a moment
That I'll never forget
