

Kiss That I Never Had (Acoustic Version)

Kolohe Kai

It's not so simple, in fact it's undescrivable
The feelings that we have today
Moving away
Made your lips astray
How does our love grow stronger each and every day? It's your voice
It's got me tripping
I can't stop missing, missing you
I just want to kiss you so bad
The kiss that I never had, yeah
The kiss that I never had, oh My heart stops, when I look into your eyes
And why do I get hypnotized by you?
What do I do?
Finally, we're about to kiss
Hope I don't miss
Feeling all nervous inside
Feelings that I cannot hide no longer
Feelings getting stronger It's your voice
It's got me tripping
I can't stop missing, missing you
I just want to kiss you so bad
The kiss that I never had, yeah
The kiss that I never had, oh yeah Oh, maturity held me tight
From knowing what's wrong
And knowing what's right
I wanted to hold you
With all of my might
You are my sun
And I am your planet
I wish I didn't take you for granted before
Time's gravity is pulling me away, more and more It's your voice
It's got me tripping
I can't stop missing, missing you
I just want to kiss you so bad
The kiss that I never had, yeah
The kiss that I never had, oh The kiss that I never had
