

Forget Me Not

Thieves Like Us

I've been a-waitin' for you
And you've been a-waitin' for me
Tell me that you'll always be true
And you'll be the only one for me
Forget me not, my dear, my darling
Forget me not, my love
I just wanna hold your hand
Hang on every word you say
Let's write a song for us
And sing it till we're old and gray
Forget me not, my dear, my darling
Forget me not, my love
I'm comin' home real soon
Please leave a light on for me
Tell me that you'll always be true
And you'll be the only one for me
Yes, you'll be the only one for me
