God.Fear.Money

Meshell Ndegeocello

Yeah
God shinin' the light
He just turned on the spotlight
Yo, check it
The devil
Put you on display
Yeah
I say
I used to believe
Everything I read
Seen on TV
I was way down for the revolution
Until I found out
It was contingent on some
Corporate sponsorship
And if Jesus was alive today
He'd be incarcerated
With the rest of the brothers
While uh
The devil would have a great apartment
On the upper east side
Be a guest V.J.
On total request liveGod, fear and money
Make the world go 'round and 'round
God, fear and money
I say god, fear and money
Make the world go 'round and 'round
God, fear and money
Yes you do, lordI say Mary don't you weep
Mary don't you moan
Lord have mercy
Come carry me home
And my Love
Who up in heaven
Hallowed by thy name
And if you truly are the shepherd
Why do they want to want to destroy
Slaughter all in your name
Tell meGod, fear and money

Make the world go 'round and 'round
God, fear and money
Yes you do
God, fear and money
Make the world go 'round and 'round
God, fear and moneyGod, fear and money
Make the world go 'round and 'round
God, fear and moneyWalk the walk
If you gonna talk that talk
Politicians
God, fear and moneyThe devil's work is never done
God
The devil's work is never done
The devil's work is never done
God
The devil's work is never doneThe devil's work is never done
Free yourself from the chains
?
The devil's work is never done
Yeah
God, fear and money
