

Vegas

ABRA

Well I'm a live one
Always wanna go, wanna ride, can you keep up?
Give me one of those, tell me that you gone buy me one?
I get you and I get you into so much trouble, hot gun
Walking at the top I don't stop I don't give up, no
No one's left behind
Walking on the edge, I do my best to do you right
Right, right, right, right
If you wanna roll the dice on me, okay
If you think you can afford it
Come play, come play
I'm lady luck let me Kiss that chain
One night with me in Vegas
If you wanna roll the dice on me okay
If you think you can afford it
Come play come play
I'm lady luck let me kiss that chain
One night with me in Vegas
If you wanna roll the dice on me okay
If you think you can afford it
Come play, come play
I'm lady luck let me kiss that chain
One night with me in Vegas
If you wanna roll the dice on me. okay
If you think you can afford it
