Okay we're rollin'
Yo this is Dana, we from word up records here
We'd just like to introduce some of our dope music to you
Saying dope is like the kind of music you would love to ear
Like my man on the wheels of steel yeah
That?s him the magnificent Jazzy Jeff, the supreme one word
Can I get a little help from my main man Fresh Prince?
And you know it we just gonna take this couple of minutes
To say what's up? And thank you
To all our people who we wanna thank, Dana
I'd like to thank each and every one of you
Who bought our records word and continue to buy them
That's right Dana Goodman
To all the people who play them, ha ha word thank you
Thanks Sandra, yeah thanks Paul, who else man?
We wanna thank the whole world
Jeff wants to extend special thanks, extra special thanks
This extra special thanks to the three guys that started him out
Mixing man way back years ago, oh okay
It was a guy named Pearly Lewis, oh yeah
A guy named Kenneth Adams, word
And a guy named Mark Johnson
Jeff wants to thank them specially I?m with it
We can?t forget our main man
He?s the manager of the group Lorenzo, pen word
