

Evil doer

Radkey

I painted faces on the wall
on the wall of my mind
I'm gonna pay for all my sins
I can't make them close their eyes
start to weed out my insides
but so I know I'll surely burn
(ooooh)
I need a moment
(ooooh)
oh, I need a moment
(ooooh)
oh, I need a moment
god, god, give me a moment.
It's gonna really piss me off
if I'm the only one
whose gonna get it in the end
are you proud? are you free?
these are the words they said to me.
Should I've know, should I've know?
oh, I need a moment
(oooh)
oh, I need a moment
(oooh)
I need a moment
god, god, give me a moment.
These words keep weighing on my mind
been spending all my time
try to push words away
oh, I need a moment
(oooh)
oh, I need a moment
(oooh)
oh I need a moment
god, god, give me a moment
(oooh)
god, god
(oooh)
god, god, god, god, god
