Drive Away My Heart

Ida Maria

Fear is no longer hanging around
You should capture my view
Cause I don't want nothing else but youYou can treat me like you please
Baby, it's ok with me
Leave me bleeding on the floor
From my heart, from my heart's coreOh, drive away my heart tonight
Cause it is no loner mine
Drive away my heart tonight
Cause it's no longer mineI wanna give you love
I wanna show you love
And so love will be my grave
Love will be my grave
