Forever Spacemen

Swim Deep

I'm so sad that I'm falling out, ooh
Now I can't share my troubles and doubts, ooh
Now I'm falling but I won't touch the ground, ooh
And of course that I'm thinking of herThe part I most enjoy is the sunrise
Because it's only gonna get lighterWhen I grow up, will I be forever, spaceman?
A floating hero in space
("Mayday, mayday, mayday, mayday")
Tell my friends that I won't make the papers
A floating headline in space
("Mayday, mayday, mayday, mayday")Oh I, oh I, am a tiny little dancer in space
I, oh I, I'll see you when skies aren't grey
