Run Down the World

Nitty Gritty

If me have a girl
If me have a girl
and she a-run down the world
She better gwarn (go on) and left me, alright
If me have a girl
and she a-run down the world
If me have a girl
and she a-run down the world
She better go on and left me
She better go on and left me
Cah me no want no walk and beg love
Cah me no want no sue to pay
Cah me no want no grabby grabby
Cah me no want no damn cre day
I want a girl with dignity
I want a girl intelligently
She got to be copacetic copacetic
She stand up in the corner form pure pretty bows
and yet she have nuff nuff dirty clothes
Her little youth him have a runny nose
And yet the woman she a-walk and a-love

If me have a girl
and she a-run down the world
She better gwarn (go on) and left me, alright

If me have a girl
and she a-run down the world
