

# Some Day My Prince Will Come

[Camille](#)

Someday my prince will come  
Someday I'll find my love  
And how thrilling that moment will be  
When the prince of my dreams come to me  
He'll whisper, 'I love you'  
And steal a kiss or two  
Though he's far away, I'll find my love some day  
Someday when my dreams come true  
Someday my prince will come  
Someday I'll find my love  
And how thrilling that moment will be  
When the prince of my dreams come to me  
He'll whisper, 'I love you'  
Then he'll steal a kiss or two  
Though he's far away, I'll find my love some day  
Someday when my dreams come true  
Someday, yes, my prince, he's gonna come  
Someday
