

Cold Outside

Holly Drummond

VERSE 1:

you look at me like you've got something to say
i'm lying here and wishing things will
always be this way
pick me up put me down spin me around
hold me close and don't be afraid
i fall for you more each day

CHORUS:

oh your arms keep me warm
when it's cold outside
you have your strong opinions
but I like that I don't mind
you've no idea just who you are
or the way you make me feel
this is something new something real

VERSE 2:

you smile at me and i'm smiling back at you
you make it easy don't need to think about

what to do

what to say when to say it
what to think when to think it
everything falls into place
with you

CHORUS
