

# Queen Of Light

## E-Rotic

Can you see me falling  
Can you hear me calling youShadows of pale - pass by  
You're ready to sail - and I  
Will love you  
ForeverYou're tearing me down - but why  
My daydreams are bound - to die  
I'll miss you  
ForeverCHORUS  
Hear me queen of light  
Help me through the night  
And deep inside  
Missing links are hurting  
Queen of light  
Tell me why  
You hide  
There behind the curtainCan you see me falling  
Can you hear me calling youAll that we had - were lies  
We're ending with sad - goodbyes  
The story  
Is overPlaying it cool I'll try  
I'm breaking the rules - and I cry  
I want you  
ForeverCHORUSCan you see me falling  
Can you hear me calling youCHORUScan you see me falling  
can you hear me calling you
