

# Stay the Night

## Charlie Gore

In the still of my heart  
There's a fire that burns my sole's desire  
    Touching me, like the sun  
Here and now I give my love so faithfully  
    That I will always be the one  
I wanna stay with you tonight  
    I don't wanna leave  
    Cause I feel the time is right  
    Don't wanna go before I say  
        What I have to say  
    Don't ask me to walk away  
I wanna stay tonight, wanna stay the night  
    Holding you close to me  
The first time that your body moved with mine  
    Let them go, ease your fears  
    Caressing as I am whispering in your ears  
        That I will always be the one  
    I wanna stay with you tonight  
        I don't wanna leave  
        Cause I feel the time is right  
        Don't wanna go before I say  
            What I have to say  
        Don't ask me to walk away  
I wanna stay tonight, wanna stay the night  
    Now is the time, I've been waiting for so long  
Just give me a sign, cause it's here where I belong  
    OOH oh yeah (stay the night)  
    I wanna stay with you tonight (stay)  
    I don't wanna leave (I don't wanna leave)  
    Cause I feel the time is right (Baby please tonight)  
        Don't wanna go before I say  
        What I have to say (what I have to say)  
    Don't ask me to walk away (baby, don't walk away)  
I wanna stay tonight, wanna stay the night (wanna stay the whole night baby)  
    Wanna stay the whole night baby  
    Wanna give you everything and more  
        What I have to say  
        Don't ask me to walk away  
Stay the night, stay the whole night oh, yeah

My baby, my baby tonight  
Dont wanna go now  
I wanna stay the night  
Don't wanna go now  
Don't ask me to walk away  
Dont wanna go now  
I wanna stay the night  
Don't wanna go now  
Don't ask me to walk away  
Dont wanna go now  
I wanna stay the night  
Don't wanna go now  
Don't ask me to walk away
