Closer I Get

Rebelution

(feat. John Popper)

People say it just doesnâ€™t matter but,
The closer I get, Iâ€™m giving in, I canâ€™t escape, damn what a shame.
Listen to me just for a minute,
I can be quick no gimmick.
Iâ€™ve got a plan we should live it.
The closer I get, I can't relate,
This ainâ€™t our place, let us go far far away.
Find a new home, rules of our own, you and me both are the same.
Try to be strong, baby come on now, come on.
Lie after lie, so many times, when I try to find a peace of mind.

Iâ€™ve got love for you when the time gets rough
When all the stress adds up,
When you say â€œIâ€™ve had enoughâ€•.

Got love for, you when the time gets rough.
When all the stress adds up,
When you say â€œIâ€™ve had enoughâ€•.

Whatever happened to the good times?
We should create for ourselves, not rely on.
Theyâ€™ll never get a hold of me.
Simple you see, simplicity.
Yeah, the closer I get, I can't relate, I canâ€™t escape, oh the pain.
Iâ€™ve been lied all the time, when I'm tryinâ€™ to find a peace of mind.

Iâ€™ve got love for you when the time gets rough.
When all the stress adds up,
When you say â€œIâ€™ve had enoughâ€•.

Got love for, you when the time gets rough.
When all the stress adds up,
When you say â€œIâ€™ve had enoughâ€•.

Yes I found my own way out,
Iâ€™m going all the way,
Until the people all find out,
They're going all the way down.
