

All That She Wants

David Gasper

Strangest feeling coming over me
Disconnect from this reality
She says she's running scared
Running from the world outside

Hands are beating slow upon the drums
A funeral march again has just begun
Don't worry me today
I haven't got the time, he says

But as you looked in her eyes, well, you could see
The tracks of her tears, the misery
And now all that she wants is the chance to be free again
And now all that she wants is the chance to be free again

If miracles can happen every day
We need a miracle now, I would say
Imagining the day
We wouldn't find the time to kill

But as you looked in her eyes, well you could see
The tracks of her tears, the misery
And now all that she wants is the chance to be free again
And now all that she wants is the chance to be free again

History repeats itself
We never seem to see the damage done
Delusional, you say "we'll never change the way we are"

All that she wants is the chance to be free again
All that she wants is the chance to be free again (to be free)
All that she wants is the chance to be free again
