

A Valley Thick with Oaks

Winterfylleth

Still is a valley
Surrounded by a forest of Oaks
 Bespirling deeply
With the breath of our ancestors
 A knot of roots
 Hold steadfast the earth
 Bonds that link a nation,
 Foregoing generations
Eternal, unswayedRoots of heritage
 Pertain to the valley
 Roots of hope
 Growing strong
 Entwined in the land
A valley thick with oaks
 Its villages silenced
By the drift of clear water
 A bell tolls for many
 Their presence long gone
 A voice in the wind
Telling secrets of the fallen
 Lessons without words
 A proud spirit remains
In the heart of every Englishman
