

# Due Time

## Wally Boy Wonder

(Chorus)

World is yours

World is mine

Go out on tours

Stay on the grind

Doors will open

In Due TimeTears and sweat

Years of debt

Fear a threat

Splash

Ears get wet

Keep going don't quit

Keep flowing your shit

Keep growing with hits

Never stop go get

What you need

To succeed

You have mouths to feed(Chorus)Still hungry for more

Prepare for war

Nobody wants their spot taken

Our shots taken

You're caught hating

Plot awakens

Invade the shore

Grenades and swords

Beat machines, mix boards

Try to evade the lords(Chorus)Attack and compete

Don't hold back

You're elite

The weak retreat

On stage or streets

Engage your fleet

Street team

Put those flyers up

Eat those liars up

Press ten thou

Fill the suppliers up

Spitfires

Inspire us(Chorus)They look up to you

You're an icon  
Paparazzi spy on  
Cameras catch drug use  
And fights  
Drunk thug loose  
And nice  
Smash guitars  
Crash the cars  
Flash bulbs  
Catch splash bars  
Lasting scars(Chorus)
