

# Heard It All Before

[Meiko](#)

I'm so tired of staring at the wall  
But I know I got to put you down  
And I keep trying to make sense of it all  
But I can't keep going around and around  
And you know me well; you know me better than this  
And I can't be sure if you're something I'd miss 'Cause I've heard it all before  
I've heard it all before I keep finding a little piece of me  
Every time we disagree  
And your words float like dandelions every other way  
I can't keep listening to what you say 'Cause I've heard it all before  
I've heard it all before  
And I take everything I can  
And I'll throw it out the door
