Let Go

Kensington

All our time we spend together
Then we lose our minds
We're wasting time againYou will never get it
I will never get it going
We will never give in
But we got toLet go
We got to let go
We got to hold on
We got to hold on
We got to let
GoSo this time we reach the limit
And we learn to lie
And change our minds againYou will never get it
I will never get it going
We will never give in
But we got toLet go
We got to let go
We got to hold on
We got to hold on
We got to let
GoI know we'll end it all
I know when we come home
When we come home
We'll waste itI know we'll end it all
I know when we come home
When we come home
We'll waste itI know we'll end it all
I know when we come home
When we come home
We got toLet go
We got to let go
We got to hold on
We got to hold onWe got to let go
We got to let go
We got to hold on
We got to hold onWe got to let go
We got to let go
We got to hold on
We got to hold on
