The sweetest days of ma life, was when I had my baby by my side.
Him use to hold mi close and look inna mi eyes,
but now him out di door and mi seeing other guys.
Life goes on pon di streets & lane.
Mi face wear a smile but mi feeling pain.
Its been awhile now but mi feeling di same.
Wherever you are today mi need you again.
(Bridge 1)
Mi try fi put the words inna song when mi sing!
Laught wid mi friends like mi dont feel a ting!
But now mi know its not about the ride and the bling!
Every empress deserves a royal king!
(Bridge 2)
Suh if yuh see me walking by!
Dazed outta space & talking high!
Di love inna mi heart still mark wid dye!
And Im neva gonna find another dark skin guy!(Chorus)
Im missing you, since the day you left Im feeling blue.
Im missing you, Im always gonna be in love with you.
Im missing you, since the day you left Im feeling blue.
Im missing you, Im always gonna be in love with you.(Verse 2)
Mi miss it when yuh tell mi seh yuh want yuh stick shift!
Late inna di night when yuh clutch lift!
And yuh a brace up pon mi when yuh firm like a rock.
Cause yuh know seh mi love it like dat!
Suh if its a plane or boat, or car or train!
Mi nu care how yuh reach mi haffi see yuh again!
Mind ovah matter, its a matter of the mind.
And youll come back in just a matter of time.
When di rain start fall and di breeze start blow.
A bet yuh come back knocking at ma door!
Ill say Im sorry and youll say I know!
Mi mess up big time when mi let you go.
(Bridge 1)

Suh mi try fi put the words inna song when mi sing!
Laught wid mi friends like mi dont feel a ting!
But now mi know its not about the ride and the bling!
Every empress deserves a royal king!
(Bridge 2)
Suh if yuh see me walking by!
Dazed outta space & talking high!
Di love inna mi heart still mark wid dye!
And Im neva gonna find another dark skin guy!
