

# Ave. B

## Gogol Bordello

Sitting in the russian bath house on the avenue B  
no matter how much we sweat we just can't agree  
ai razminku yorshikom provodim my  
nobody learns no nothing from no history  
Tall little Sally plays with magic ebbles  
Dasha sells equipment to the Chechnian rebels  
ya vihozgu iz anala v astral  
tam mnogo chego slishal no ne zapisal  
nesmotrja na SE. SHE. A. ne poterjal azarta  
buhaju strogo kazdoje 8-e marta  
sitting in the bath house on the avenue B

and never agree...

...but Sally all empires fall... even trends they fade away  
even complete asshole can lead you astray...  
but god damn it, next round is on me  
Nobody learns no nothin' from no history  
Tall little sally my darlin' your panic is so charming  
your shopping techniques are amazing  
your celebrity erudition is disarming... Yura viruchai!
