

April Love

L.T.D.

I remember you? and the first time we looked?in each other?s eyes?

I felt a warm surprise

I knew right then and there, you were only dormant for me..

The beginning of spring, the nature sings, the blossoming everywhere?

yeah?hehehe

Special love in my life, good only for me?.My April Love?My April Love?.

I never knew the joy from love, could delight me so?.

Just to know I have someone, so close?. that can really loves me?.

My April Love?. you?re the special love of my life?

My April Love?good only for me

My April Love?.. ?.. Ohhhhhh yeah?.

My April Love?..

When the time of year, is near

I always get that same old feeling all over again?..

Everything is feeling brand new, just like the very first time
