

Last Hope

Paramore

I don't even know myself at all
I thought I would be happy but now
The more I try to push it I realize gonna let go of control Gonna let it happen, gonna let it happen,
Gonna let it happen, just let it happen It's just a spark but it's enough to keep me going
And when it's dark out and no one's around it keeps glowing Every night I try my best to dream tomorrow
makes it better
And wake up to the cold reality and not a thing is changed
But it would be happen, gonna let it happen
Gonna let it happen, gonna let it happen It's just a spark but it's enough to keep me going
And when it's dark out and no one's around it keeps glowing
It's just a spark but it's enough to keep me going
And when it's dark out and no one's around it keeps glowing And the salt in my wounds isn't burning anymore
than it used to
It's not that I don't feel the pain it's just I'm not afraid of hurting anymore
And the blood of these veins isn't pumping any less than it ever has
And that's the hope I have the only thing I know that's keeping me alive
Alive Gonna let it happen, gonna let it happen
Gonna let it happen, gonna let it happen
Gonna let it happen, gonna let it happen
Gonna let it happen, gonna let it happen It's just a spark but it's enough to keep me going
And when it's dark out and no one's around it keeps glowing
It's just a spark but it's enough to keep me going
And when it's dark out and no one's around it keeps glowing
