

# Lunch Or Dinner

Sunshine Anderson

I can tell that you're used to dealing with  
Chicken heads who have no kind of class  
They're unable to keep your mind intrigued  
From moving to fast  
What need is someone who can provide  
You a challenge that's keeping you alive  
100 percent woman, yes indeed you say  
That's what you need, so I'm thinking  
Since I'm who you want  
And need in your life  
Then we should do  
Lunch or dinner sometime  
I can see that you're full of confidence  
One of many things I like about you  
Your body language is speaking loud and clear  
And it's music to my ears, so I'm thinking  
Since I'm who you want  
And need in your life  
Then we should do  
Lunch or dinner sometime  
Since I'm who you want  
And need in your life  
Then we should do  
Lunch or dinner sometime  
Since I'm feeling you and you're feeling me  
Then I'm willing to take the chance  
And show you what a true woman is all about  
And we'll see how things play out, oh  
Since I'm who you want  
And need in your life  
Then we should do  
Lunch or diner sometime  
Since I'm who you want  
And need in your life  
Then we should do  
Lunch or diner sometime  
Since I'm who you want  
And need in your life  
Then we should do

Lunch or diner sometime
