

# Salt Lake City

## Beach Boys

Down in Utah, the guys and I dig a city called Salt Lake  
It's got the grooviest kids that's why we never get tired of Salt Lake  
And the way the kids talk so cool is an out of sight thing  
And the number one radio station makes the town really swing, yeah Salt Lake City, we'll be coming  
soon There's a park near the city, yeah, all the kids dig the lagoon now  
It's full of all kinds of girls and rides and we'll be flyin' there soon now  
And girl for girl, they've got the cutest of the western states, yeah  
They got the sun in the summer and winter time the skiing is great, yeah Salt Lake City, we'll be coming  
soon Salt Lake City, we'll be coming soon
