

B Your Boy

Voom

I see you stay and just go crazy girl,
I just wanna tell you how I feel about you girl.
'Cause you don't even have a clue,
That my whole world revolves around you.

I wanna be your boy,
I wanna be your boy so bad,
I wanna be your boy,
And you could be my girl,
'Cause I'll make you feel so good if you'll be my girl.

I see you stay and just go crazy girl,
I just wanna tell you how I feel about you girl.
And you don't even have a clue,
That my whole world revolves around you.

I wanna be your boy,
I wanna be your boy so bad,
I wanna be your boy,
And you could be my girl,
'Cause I'll make you feel so good if you'll be my girl.

My whole world revolves around you girl (x6)

My whole world revolves around you (x6)
