

True Love Will Never Fade

Mark Knopfler

True love will never fade
True love will never fade
True love will never fade
True love will never fade
True love will never fadeI wonder if there's no forever
No walking hand in hand
Down a yellow brick road
To never never landThese days I get to where I'm going
Make it there eventually
Follow the trail of breadcrumbs
To where I'm meant to be
To where I'm meant to beI don't know what brought you to me
That was up to you
There's so many come to see me
Who want their own tattooI fixed a needle in a holder
Laid my hand upon your spine
And there upon your shoulder
I drew the picture as your signWhen I think about us
I see the picture that we made
The picture to remind us
True love will never fadeTrue love will never fade
True love will never fade
True love will never fadeI worked the rowdies and day trippers
Now and then I think of you
Any which way we're all shufflin'
Forward in the queueThey like to move my operation
They like to get me off the pier
And I dream I'm on a steamer
Pullin' outta hereWhen I think about us
I see a picture that we made
The picture to remind us
True love will never fadeTrue love will never fade
True love will never fade
True love will never fade
True love will never fade
True love will never fade
