True Love Will Never Fade

Mark Knopfler

True love will never fade

True love will never fadeI wonder if there's no forever

No walking hand in hand

Down a yellow brick road

To never never landThese days I get to where I'm going

Make it there eventually

Follow the trail of breadcrumbs

To where I'm meant to be

To where I'm meant to beI don't know what brought you to me

That was up to you

There's so many come to see me

Who want their own tattooI fixed a needle in a holder

Laid my hand upon your spine

And there upon your shoulder

I drew the picture as your signWhen I think about us

I see the picture that we made

The picture to remind us

True love will never fadeTrue love will never fade

True love will never fade

True love will never fadeI worked the rowdies and day trippers

Now and then I think of you

Any which way we're all shufflin'

Forward in the queueThey like to move my operation

They like to get me off the pier

And I dream I'm on a steamer

Pullin' outta hereWhen I think about us

I see a picture that we made

The picture to remind us

True love will never fadeTrue love will never fade

True love will never fade
