

# Between the Lines

## Stone Temple Pilots

Lovely disguise  
Read between the lines  
You rock the magic plane with no abbreviation  
Three  
Four  
You sell what you bought  
And there ain't no magic pen  
To get back what you lost I like it when we talk about love  
I like it when you talk about love  
You always were my favorite drug  
Even when when we used to take drugs Even when we used to take  
Even when we used to take  
Even when we used to take  
Even when we used to take  
Penguins don't fly  
Crocodile Sunday smile  
Really love to fish  
But don't like superficial people  
Shoe store  
Heard it all before  
From pearly whites to pearly gates  
What do we have to argue 'bout? I like it when we talk about love  
I like it when you talk about love  
You always were my favorite drug  
Even when when we used to take drugs Even when we used to take  
Even when we used to take  
Even when we used to take  
Even when we used to take  
Leave me all alone before  
Get out the way  
Never did what she was told  
Get out the way  
Seems to play at time of war  
Get out the way  
Less is big and listens more Lovely disguise  
Read between the lines  
You rock the magic plane with no abbreviation

You sell what you bought  
And there ain't no magic pen  
To get back what you lost I like it when we talk about love  
I like it when you talk about love  
You always were my favorite drug  
Even when we used to take drugs Even when we used to take  
Used to take  
Even when we used to take  
Used to take  
Take  
Even when we used to take  
Used to take  
Even when we used to take  
Take  
Take
