

Forlorn

Voivod

Now I've come back
Cursing the day
My maker took
My strength away Planet control
To save my world
Mission complete
Though I am weak Lost in this world
I am forlorn
Loss of this world
I am forlorn I fight alone
Me with my selves
Battling ghosts
Part of this hell Give me some rest
I feel so old
My blood is drained
Turning me cold Lost in this world
Feeling forlorn
Loss of this world
I am forlorn Lost in this world
Feeling forlorn
Loss of this world
I am alone Shadows here
In this place
Planet fear
Death is near Anark my given name
Close my eyes
Fade away
