

Wishin' On a Star

Catman Cohen

I once knew this angel
Who lived in the desert
And late at night
When the moon was full
Wed lay together
In a pool of water
Look up at the sky
And our hearts would soar
As we imagined a world
Where dreams come true
Free of cruel people
Who divide us
I don't know
If I'll ever see that world
But I still look up at the sky
And never stop...Wishin' on a star
To follow where you are
Wishing on a dream
To follow what it meansWishing on all rainbows
That I see
Wishing on all people
Who really dreamI never thought I'd see
A time when you would be
So far away from home
So far away from meJust think of all the moments
That we've spent
I just can't let you go from me
Oh, yes, we were meant to beI feel it's time we should make up baby
I feel it's time for us to get back together
Make the best of things, Oh baby
When were together
Whether or neverAnd I didn't mean to hurt you
Oh, but I know
That in the game of love
You reap what you sowWishin' on a star
I'm wishing on a starI once knew this angel
Who lived in the desert
And late at night

When the moon was full...
