

# The Next Great Awakening

## Jake Hamilton

I see You in the valley  
Transferring life for death  
I see an army coming  
They all bear Your light

I am not bound to reason  
I live in violent love  
This world cannot define me  
My heart is set above

For me to live is Christ  
For me to die is gain  
I am not shrinking back  
I'll never be the same

Four walls cannot contain me  
I know I've been possessed  
I know that God is love  
And there's no fear in love  
So I am fearless  
God, You're love is overtaking me now

This is the sound of a revolution  
This is the sound of a prophet's cry  
This is the sound of a reformation  
This is the sound of a Warrior bride  
This is the sound of giants falling  
This is the sound that you can't ignore  
This is the sound of a red moon rising  
This is the sound of an open door

God, release a sound, release a movement  
I'm laying down everything, God  
You promised nations, I want the nations  
I'm not gonna settle  
Now I, I hear the cry, I hear the longing  
This is the sound of freedom  
I stand in the gap, I stand here praying  
For the next Great Awakening
