

# Sane

## Paradise Lost

Seasons of sun won't suffice  
But for you, my guarding light  
I'd walk around this earth Although the streets are paved with gold  
I'd collect it to be sold  
I'm bringing this on myself But I feel for you, but I feel for you  
Will you show you're sane  
Will you show you're sane  
Will you show you're sane  
Will you show you're sane  
Will you show you're sane In your mouth a loaded gun  
Pull the trigger, have you won  
Let's see how you can do It's the darker days you dread  
All the hurtful things I said  
It seems I'm nothing But I feel for you, but I feel for you  
Will you show you're sane  
Will you show you're sane  
Will you show you're sane  
Will you show you're sane  
Will you show you're sane Will you show you're sane  
Will you show you're sane  
Will you show you're sane  
Will you show you're
